Case Management Team Telephone Number: 01539 777297

<p>What is case management? </p> <p>The aim of the case management team is to provide personalised support to individuals, their families and carers to take control of their wellbeing, live independently and improve their health outcomes reducing the need for hospital services.</p> <p>You can expect support from experienced nurses, healthcare professionals, care co-ordinators and care navigators who will complete a health and wellbeing assessment, working with you and/or your carers to ensure the services you require are individual to you. We will co-ordinate your care and review services to ensure you are getting the right support.</p> <p>We offer tailored support for individuals with complex health and social care needs, enabling them to live independently at home for as long as possible and to reduce admissions into hospital. Where individuals can't stay at home we can help co-ordinate alternative support.</p> <p>We encourage patients to have choice and control over their care, so they can self-manage their health needs. We help to make sure your wishes and priorities are heard, so you can feel in control when decisions are being made about your health and social care needs.</p>	<p>What you need to know</p> <p>The team will work closely with you and your family/carer/friend to co-ordinate your care in times of need. This may include returning home after hospital, recurrent hospital admissions, a physical and/or psychological decline in function, crisis avoidance, someone requiring extra support or struggling with multiple long term conditions.</p>	<p>Surgeries we cover</p> <p> Our six GP practices:</p> <ul style="list-style-type: none">• Arncliffe Medical Practice• Stoneleigh Surgery• Park View Surgery• Benlitham Medical Practice• Lunedale Surgery• Sedburgh Medical Practice

SOUTH LAKES

South Lakes Dementia Hub

To support the dementia community we organise a monthly dementia hub at The Abbots Hall Social Centre, deliver outreach dementia hubs and service provider information to the rural villages of Sedburgh, Dent, Ambleside, Grasmere, Hawkshead, Coniston, Windermere, Arnside, Milnthorpe and Kirkby Lonsdale and support Community Come Dancing sessions.

2nd Tuesday of the month

The Abbot Hall Social Centre in Kendal

Aimed at people living with dementia and their carers who wish to gain information about the main service providers in Kendal and the South Lakes. Organisations attending the Hub offer support and guidance through focussing on the social, emotional, health and wellbeing aspects associated with dementia.

Come to a Hub:

- to talk to a dementia specialist
- for up-to-date dementia information and advice
- to find out about social groups and activities in the area

- to get information about services available to help you plan for the future

Community Catalysts

Join a growing network of passionate people offering care and support.

A new free development programme has launched to help people get set up working for themselves offering care and support to older and disabled people locally.

These “community micro-enterprises” could offer any kind of help at home, such as cleaning, cooking, shopping, trips out, sitting and chatting, support to dress and wash, DIY, gardening and more. Community micro-enterprises are run by passionate people who want to:

- Work locally
- Help their community
- Choose their own hours
- Set a fair rate of pay
- Be proud of the quality service they offer

Experience in caring for someone is great, but not essential, what really matters is your passion to make a difference in people’s lives.

The programme is coordinated by Community Catalysts - a social enterprise working across the UK, to support local people to use their skills and talents to help other local people. The new programme is running in the South Lakes in partnership with Cumbria County Council.

The aim of the project is to make sure that people who need care and support to live their lives can get help in ways, times and places that suit them, with real choice of attractive local options.

For more information about setting up, or anything else – please don’t hesitate to contact Jade Gibson your local Community Catalyst for South Lakes:

growing well
Mental health recovery through activity on our organic farm

Day service for adults in the South Lakes, Furness and North Lancashire
www.growingwell.co.uk

Growing Well works with adults across Cumbria who are experiencing mental ill health.

Growing Well accepts both self-referrals and referrals from GP/other healthcare professionals. We are based within an award winning horticultural enterprise and kitchen on the outskirts of Kendal.

We work with people for up to one year. Individuals attend for one day per week and set their own goals for mental health progress and recovery, with support and guidance from our trained staff. We provide free transport and a hot, healthy lunch.

We focus on three vital objectives to cultivate good mental health:

- Building emotional resilience
- Developing emotional and life skills
- Supporting healthier, more active living

Where sometimes there just aren't the words, our activities help people to discover, understand and communicate personal needs and strengths.

At Growing Well, the activity IS the therapy.

No one journey through Growing Well is the same.

We refer to our beneficiaries as "volunteers" because they attend Growing Well of their own volition. Volunteers set the terms for their own recovery and are actively involved and included in all areas of our charity. Here are some of the activities at Growing Well:

Growing
We host grow activities, which involve growing, weeding, picking and packing our vegetables. We have a veg box scheme with 100+ local customers.

Cooking
Volunteer groups also prepare a daily meal for everyone on site. We use surplus and weekly organic fruit and veg grown right here to create delicious, healthy meals for locals.

Peer support
A key role of our services is the opportunity for people to work alongside and support each other. Because nobody understands better than someone else experiencing similar feelings.

Goal setting
Everyone is encouraged to set a goal for their recovery. Our therapeutic staff support people to manage their individual progress using the Goals Based Outcomes Framework and the Recovery and Citizenship Model (Recovery Scale).

Life skills
We support people to express their individual needs, problem solve, make decisions under pressure and become more independent. Managing mental health and developing skills for life and work are a key focus.

Horticultural skills development
A host of practical and vocational training is on offer during people's time at Growing Well. Volunteers receive their training and achievements in individual skills logs.

FREE Welfare services
Available to collect and drop-off from various locations including: Ambleside, Bowness, Dalton, Egerton, Grange, Kendal, Skerton, Ulmerston, Wetherby, Wetherby, Wetherby and Wetherby.

Do you need support with your mental health?

Grow, learn and share
Free mental health service based on our organic farm near Kendal

www.growingwell.co.uk

Growing Well Kendal is a mental health service set on an organic farm, where you can get involved in growing and/or cooking with us whilst working on improving your mental health.

You can join the service as a volunteer in as little as two weeks from the point of getting in touch.

You don't need a formal mental health diagnosis. If you think you are experiencing mental ill health, then we believe that you are the best judge of this.

Our service helps people to manage depression, anxiety and other mental health difficulties, and move forward with their lives.

You can work at your own pace while learning skills to build your confidence. All we ask is for a commitment of one day a week, for anything up to a year.

At Growing Well, the activity IS the therapy.

No one journey through Growing Well is the same.

Our therapeutic staff will offer support to help you manage and monitor your progress on your own mental health journey. Everyone that commits to growing will be encouraged to set a goal for their recovery, which we will work on with you as part of your time on our field or in our kitchen.

We will support you to build your confidence, express your individual needs, problem solve, make decisions under pressure and become more independent.

We'll also teach you a host of practical and vocational skills to take forward into your life and - if relevant - your work.

You'll have the opportunity to work alongside other people experiencing similar feelings as you, and support each other along the way.

Growing Well is an entirely FREE service.

Our FREE minibus is available to collect and drop-off from various locations, alternatively, we can help with transport costs if you prefer to arrive in your own car or by bus.

We provide essential personal clothing including waterproof work boots, as well as training to keep you safe on site.

We also serve a hot, healthy lunch every day, for everybody to share. You can even take part in making the lunch, which is made using our own surplus produce.

There are activities that are suitable for less mobile volunteers, though we are not a fully accessible site.

FREE Welfare services
Available to collect and drop-off from various locations including: Ambleside, Bowness, Dalton, Egerton, Grange, Kendal, Skerton, Ulmerston, Wetherby, Wetherby and Wetherby.

Bro Room

Bro Room CIC is a not for profit Community Interest Company set up in November 2021 to act as a Kendal based men's mental health and wellbeing support group. We provide a safe space for men of 18 and over to come and talk together.

H.A.F. Programme
 During school holidays KEY has been chosen as the local provider of the Holiday Activities and Food programme, for Easter Summer and Winter.

Funded by Cumbria County Council it is targeted for those on free school meals.

One young person said, "I make me want to be more active."

A typical week can consist of: various craft, learning games/challenges, sports, nutrition, budgeting, meal preparation/cooking for a large group, and an outdoor education day/ trip.

Social Action Projects

These are projects developed by the young people to help others in their community. They also include leading or working in partnership on inter-generational events such as Milnthorpe Light Festival, fun days etc. This helps young people to have their voice heard in their local community.

Residential weekends

"I learnt that talking to people in person is better than over the phone and I don't need my phone to get through the day."

"I learnt not to eat candy dodgers and pringles for breakfast... the breakfasts and dinners were the best... the laughter and all of us talking..."

Safe Havens

Safe Havens: safe from harm, safe to thrive

Safe Havens is a hosted emergency accommodation project which will be in addition to IDAS' existing refuges and emergency accommodation in North Yorkshire.

Leaving an abusive relationship can be one of the most dangerous times, yet all too often people are unable to access suitable, short term, emergency accommodation or do not have the breathing space to plan for their escape.

Safe Havens is an innovative project supporting victims and survivors of domestic abuse to access safe, accommodation quickly, provided by trained, volunteer hosts and supported by a dedicated IDAS worker. The initiative builds on a long history of people hosting families and individuals in their homes while they begin to rebuild their lives.

Being a Safe Havens host is an opportunity to guide and support a person through challenging times. Hosting a guest who has experienced domestic abuse is incredibly rewarding. Hosts can assist the guest in many ways to reach their potential and future goals. Being with a trained host in a host's own home, offers guidance and support whilst the guest plans for their safer future, free from abuse and violence.

If you are interested in offering guests short periods of respite and relief in your home, please email Mel.Milner@idas.org.uk for further information.

About IDAS

We are the leading specialist domestic abuse charity in Yorkshire. We also offer expert advice and support to people who have been affected by sexual violence and abuse. Each year we receive more than 22,000 referrals; 20,000 calls to our confidential helpline and provide direct support to more than 10,000 individuals and families in the community. We also provide safe accommodation to over 150 individuals and families in our refuges each year.

Ramblers Wellbeing Walks

RAMBLERS WELLBEING WALKS
North Yorkshire

offer you the **joys of walking!**

Join the national **Ramblers Wellbeing Walks network**

Newcomers welcome!

Many people have recently found a new love of walking. They've discovered how great it is for your health and your physical and mental wellbeing. If you'd like to get into walking and live in North Yorkshire, then we are here to help!

Ramblers Wellbeing Walks North Yorkshire (co-ordinated by North Yorkshire Sport and part of the Ramblers national network) are support group walks led by trained volunteer walk leaders. All walks are 30-90 minutes long and over easy ground, so they are ideal if you're new to walking. They are a great way to meet new people and give your health and wellbeing a boost. Maybe you need some support to experience the joys of walking? Everyone is welcome, so why not give it a try?

Walks are organised by walking groups across the district areas of Craven, Hambleton, Richmondshire, Hamogate and Scarborough with hopes to expand across the county.

For more information about Ramblers Wellbeing Walks in North Yorkshire, go to the link below or contact Lucy Paaras at lucy@northyorkshiresport.co.uk

Volunteer as a walk leader!

Join the national Ramblers Wellbeing Walks network!

Many people have recently found a new love of walking. They've discovered how great it is for your health and your physical and mental wellbeing. If you'd like to get into walking and live in North Yorkshire, then we are here to help!

Ramblers Wellbeing Walks North Yorkshire (co-ordinated by North Yorkshire Sport and part of the Ramblers national network) are free support group walks led by trained volunteer walk leaders. All walks are 30-90 minutes long and over easy ground. They are a great way to meet new people, walk in good company, and give your wellbeing a boost.

Would you like to support people to experience the joys of walking by becoming a Walk Leader?

All you need is a passion for walking, good communication skills, a friendly and welcoming attitude, and to be keen to lead and support others. No previous experience is needed as full training and ongoing support will be provided. The commitment is 1-2 hours as little or as often as you can manage.

Walks are currently being run in Craven, Hambleton, Richmondshire, Harrogate and Scarborough but there are opportunities to start new walking groups across the county.

Healthy Families

We are pleased to inform you that we have a new offer of support for families in North Yorkshire who would like some help with achieving a healthy weight and healthy lifestyles.

The new service is aligned to the well-established Adult Weight Management Service for North Yorkshire. It commenced on the 1st March 2023 and is being delivered by Brimhams Active.

The service will support families remotely over a period of 6-9 months to make small changes to their lifestyles by setting goals around food and physical activity, and will signpost to physical activity opportunities in their local area. It will also help families to recognise and address the wider determinants of health and lifestyle, and will signpost families to other useful services, support and information such as around mental health and wellbeing, food insecurity/cost of living, sleep, etc.

The service is for children and young people aged 4-19 years (up to aged 25 years for those with SEND) and their families who need some help with healthy weight and lifestyles. Families must be resident or registered with a GP practice or school in North Yorkshire (those who are not will be assessed on a case-by-case basis for suitability for referral).

Families can self-refer to the service by emailing active.health@brimhamsactive.co.uk or by telephoning Brimhams Active on 01423 556106. Professionals can refer families using the referral form (please contact to receive form). Both children and parents/carers should consent to the referral and be ready to make a change.

If you have any queries, please contact us on:

Helen Ingle, Public Health Manager, NYCC: Helen.ingle@northyorks.gov.uk

Matthew O'Sullivan, Health & Wellbeing Development Officer, Brimhams Active:

Brimhams Active: Elizabeth.Green@brimhamsactive.co.uk

Healthy Families service is a remote **free, confidential 12 session programme** to fit around your family to support children and young people aged **4 - 19 years** in North Yorkshire, to achieve and maintain a healthy lifestyle.

Providing personalised support, your Health and Wellbeing Coach will guide you through your journey to keep you on track to achieve your healthy lifestyle goals.

Together we will explore a fully holistic approach to becoming more active and eating well by making small positive changes without breaking the bank.

Applying for Free School Meals is now much easier

Apply for free school meals online

If you would like to apply for free school meals for your child, simply login to your [Synergy Parent Portal account](#) and follow the process outlined below. If you have previously applied for school admissions or funding for your two year old you will most likely already have an account. If not, you can easily [create an account here](#).

STEP 1
Enter your National Insurance Number/National Asylum Support Service (NASS) number and date of birth.

STEP 2
Select the child(ren) you wish to apply for. If you have previously applied for a school place for your child they will already appear on the dropdown list. If your child does not appear automatically, they can easily be added by entering their forename, surname, date of birth and gender.

STEP 3
Attach any supporting documentation, if necessary, this could include documents such as a copy of your Universal Credit statement.

STEP 4
A message will then be displayed stating that we will be in touch with confirmation details. The school(s) at which your child(ren) attends will be notified as soon as the application has been fully processed by our team (5 working days). Your child(ren) can then begin enjoying free school meals once the school has received this notification.

If your application is unsuccessful you can then move to a further screen to find out why this may be the case.

If you need help or wish to discuss your application please contact us:
Phone: 01609 533 405
Email: schoolwelfare@northyorks.gov.uk

The image shows four sequential screenshots of the online application process. The first screenshot is the 'Your Details' page where users enter their National Insurance Number, NASS number, and date of birth. The second screenshot is the 'Select Children' page where users choose the child(ren) they wish to apply for from a dropdown list. The third screenshot is the 'Add Documents' page where users upload supporting documentation. The fourth screenshot is the 'Your Results' page where users can check the status of their application.

Are you a parent of a child at school? You could be missing out on £450 worth of Free School Meals.

Our new application process means **that all applications are now made electronically**. In just a few simple steps and a matter of minutes parents will receive **an instant decision** on whether their application has been successful. See our guide attached.

If your child is in Reception, Years 1 and 2 you are automatically eligible to claim a lunchtime meal for free.

Parents of children in Year 3 onwards can also benefit from Free School Meals if you are eligible for certain income support and allowances, support under the immigration and Asylum Act, child tax credit, working tax credit or universal credit.

Many of us are feeling the pinch at the moment due to the cost of living. Don't miss out on a chance to save some money and give your child a healthy lunchtime meal.

Check if you can claim your meals and apply here: [Synergy - Enquiry \(northyorks.gov.uk\)](#)

Get Going Grants

NYCC is working alongside and with our communities to stimulate, support and develop activities that enable children, young people and their families to be **happy, healthy and achieving**. We want to support our communities by having a small grant based funding offer of up to £1000 which helps individuals and local voluntary sector providers to build their capacity to deliver local responses to identified needs. The small grants scheme has been set up by NYCC C&F - Early Help Service to support the development of activities for children and young people in communities across North Yorkshire.

Please find attached leaflet explaining more about the grant. If you require any further details, please contact Shaun Scales, Practice Co-ordinator Craven/Ripon on 07890028609/Early Help West 01609 (53)4842 or email EarlyHelpWest@northyorks.gov.uk

Get Going Grant

Children and Families Service - Early Help

Early Help

Our vision is to work alongside and with our communities to stimulate, support and develop activities that enable children, young people and their families to be happy, healthy and achieving.

We want to support our communities by having a small grant based funding offer that helps individuals and local voluntary sector providers to build their capacity to deliver local responses to identified needs.

What would you like to develop within your community?

We are keen to hear from groups and individuals regarding sessions and activities that support children and young people in our communities. For example:

- Activities for young people
- Activities for families with young children

Get Going Grant

The small grants scheme has been set up by NYCC's Early Help Service to support the development of activities for children and young people in communities across North Yorkshire.

Grants of up to £1000 are available to support the following Young in Yorkshire community priorities:

Priority 1 – Happy

- Empower families to be resilient and economically secure
- Protect those at risk of harm
- Encourage fun, happiness and enjoyment of life

Priority 2 – Healthy

- Promote health and wellbeing through positive choices
- Improve social, emotional, mental health and resilience
- Reduce health inequalities

Priority 3 – Achieving

- Ensure children have great early years
- Raise achievement and progress for all
- Equip young people for life and work in a strong North Yorkshire economy

Who Can Apply for the Grants?

Applications are welcome from across North Yorkshire. We are keen to hear from anyone who has an idea so please give us a call to start a conversation.

Online Parenting Support

An online course for separating parents to help manage conflict and minimise the impact on children

Getting it right for children

When parents are separating or separated, children can often get caught in the middle.

Getting it right for children is a free online course designed to help you parent co-operatively. It can help you to develop positive communication skills, so that you can sort out disagreements and find solutions together.

You will learn:

- How to stay calm and listen as well as talk.
- Why it's helpful to see things from a different point of view.
- What to do to stop a discussion from turning into an argument.
- Skills for finding solutions and making compromises.

To access the course, you will need a smartphone, tablet, or computer, and a good internet connection. It's FREE to use, so you'll just need to create an account with a username and password.

Register at this address
www.oneplusone.org.uk/parent-resources-for-england
or scan the QR code

- *Getting it right for children* is designed for separating or separated parents who want to reduce conflict and communicate better with their child's other parent.
- The course is online so you can go through it at your own pace.
- You can do it all in one go but it's often best to spread it over a few weeks to give yourself time to reflect and practise the skills.

Me, You and Baby too

Having a baby can be an exciting time but it's also one of the biggest changes you and your partner are likely to go through. You'll both be tired and stressed, and you may argue more.

Me, You and Baby Too is a free online course that can help you navigate these changes and keep moving forward together.

You will learn:

- What your baby picks up, even before they are born.
- Why stress should be a shared burden.
- How you and your partner can support each other.
- How to talk to bring up difficult topics.
- How arguments start, and how to stop them.

To access the course, you will need a smartphone, tablet, or computer, and a good internet connection. It's FREE to use, so you'll just need to create an account with a username and password.

- Me, You and Baby Too is designed for new and expectant parents.
- The course is online so you can go through it at your own pace.
- You can do it all in one go or save your progress and come back to it later.
- The course will take about 40 minutes to complete, so it's best to give yourself enough time and space to reflect.

Arguing better

Disagreements are a normal part of life, and most couples argue from time to time. The way you approach these conversations can make a big difference to you, your partner, and your children.

Arguing better is a free online course to help you manage difficult conversations, avoid conflict, and improve things for your whole family.

You will learn:

- Where stress comes from and how it can affect you.
- Ways to recognise stress and talk about it.
- How to support each other through difficult times.
- What causes arguments and how to stop them.

To access the course, you will need a smartphone, tablet, or computer, and a good internet connection. It's FREE to use, so you'll just need to create an account with a username and password.

What uses watt? How much electricity am I using?

Millions of UK households are facing an energy crisis. The steep increases in the cost of electricity mean that it's more important than ever to find savings.

Some electrical appliances use a lot of electricity. Others don't. As a rule, those with moving parts or which produce heat use much more than those that produce light or sound. So if you want to save electricity, there's no point worrying about a digital clock or an electric razor since these use so little power you would hardly notice the difference. The big savings lie elsewhere.

Every appliance has a power rating, usually given in watts (W) or kilowatts (kW) (1000W = 1kW). This is the amount of electricity it needs in order to work. Of course, the amount of electricity it uses depends on how long it's on for. An iron like a fridge has a low wattage, but because it's on all the time it'll use a lot of electricity. And although an iron is only used now and again, it uses a lot of electricity so the quicker you do your ironing the better.

Electricity is sold by the kilowatt-hour (kWh) – usually referred to as 'units' on your electricity bill. You can work out how much an appliance costs to run by multiplying its wattage by the amount of time it's on and then by the cost of electricity. So let's say you have a 500W (0.5 kW) dehumidifier and you run it for a whole day (24 hours). It will use 12kWh of electricity (e.g. half a kilowatt every hour). Electricity now costs 34p per unit, so multiply 12kWh by

The largest proportion of most household's electricity bill comes from running appliances like washing machines, dishwashers and electric showers.

34p and you get a grand total of 408p, or £4.08. This is what it costs to run the dehumidifier all day.

The table on the following page shows what it costs to use a range of common appliances. These are based on a unit price for electricity of 34p per kWh (the price cap after 1 October 2022).

Bear in mind that sometimes a higher-wattage appliance will actually use less power overall than a lower-wattage one because it is well designed and does its job quicker. An energy efficient dish washer, for example, may have a power rating of 2kW – the same (or higher) as a non-energy efficient one. But it completes its cycle quicker, so while it may use the same (or more) electricity per hour, it's working for less time so uses less energy overall. In other words, don't judge the energy efficiency of a device only

by its given power rating, particularly if it is controlled with a thermostat or operates on a timed cycle.

Instead, if you're buying a new fridge or TV or other appliance, the best way to judge its energy efficiency is the label. Those rated A or above are the most efficient for their size. To compare between differently sized appliances, energy labels also now print suggested kWh usage per annum for each appliance.

Energy monitors

These are wireless devices that can tell you useful things like how much electricity is being used at that moment, as well as how much was used last week or last month. Your energy supplier will give you an energy monitor (also called in-home display) if you have a smart meter.

Laundry

- Wash your clothes at a lower temperature. A 30°C wash will use 38% less energy than a 40 °C wash
- Only run your washing machine when it is full and try to do one less wash per week
- Avoid using a tumble dryer and dry your clothes outside or on an airer - this could save £60 per year

Kitchen

- Put lids on saucepans
- Use a slow cooker - this will use less energy than an oven, even though it is on for much longer
- Batch cook food so you are creating more than one meal in one go
- Don't fill the kettle - only putting the water in that you need could save £10 per year
- Wash up in a bowl rather than under a running tap
- If you have a dishwasher, make sure it is full before running it. Reducing the use by one run per week could save £14 per year

Cooling

- Keep your freezer defrosted
- Freezers work more efficiently when full so if yours has unused spaces you could fill them with screwed up newspaper or bottles of water
- When buying a new fridge or freezer, get the most energy efficient one and buy one that is the right size for your household
- Make sure any leftover food has cooled down before putting it in the fridge or freezer

Appliances and Lighting

- Don't leave anything on standby, this could save up to £55 per year
- Turn lights off in rooms you're not using to save £20 per year
- Replace older style lightbulbs with LED bulbs

Bathroom

- Cut your shower time to 4 minutes - this could save a family £70 per year
- Save £12 per year by swapping one bath a week for a shower
- Order a free water saving kit from your water company

Heating

- Turn your thermostat down by 1 °C (it should be set between 18-21°C unless there are specific health needs in your home)
- Turn down the radiators in rooms you're not using
- Set the timer so your heating goes off 30 minutes before you leave the house and also half an hour before you go to bed
- Don't leave your hot water tank on all the time - set it to come on just for a couple of hours a day
- If you have electric storage heaters, try to use them rather than plug-in electric heaters

Managing Bills

- Give meter readings every month or get a smart meter
- Get a water meter if you have more bedrooms than people in your home
- If you're in debt with your energy or water bills, check if your supplier has hardship grants you could apply to for help
- If you're on a low income, check whether you can get a social tariff for your water or broadband

Worrying about money?

Support is available in Craven

Three steps to find options and places to get help

Step 1: What's the problem?

I suddenly have no money

- Lost job or reduced hours
- Money stopped
- Lost money
- Unexpected expense
- Disaster (e.g. flood or fire)
- Relationship breakdown
- Sanctioned (see option: 5)

See options 1 2 3 4

My money doesn't stretch far enough

- Deciding between food, fuel, and mobile credit
- Low income
- Zero hours contract
- Statutory Sick Pay too low
- Facing redundancy
- Not sure if eligible for support
- Change of circumstance

See options 1 2

I have debt

- Rent or Council Tax
- Gas and electricity
- Payday loans
- Owe friends or family
- Benefit repayments

See option 3

I am waiting on a benefit payment or advance

- New claim for benefit
- Payment delayed
- Waiting for decision

See options 1 4

Step 2: What are some options?

1 Council Support Schemes

People on low incomes may be able to get Housing Benefit, Discretionary Housing Payments and Council Tax Support. All schemes will depend on your current circumstances.

Find out more: www.cravencd.gov.uk/benefits-and-advice

2 Maximise Your Income

Anyone who is struggling financially can get a benefit check and speak to an advisor for free and confidential advice. A benefit check can ensure that you are receiving all the money you're entitled to, especially if your circumstances have changed recently. Speaking to an advisor could also help you find cheaper deals on things like gas and electricity and make sure you're not missing out on things like free school meals.

3 Debt Advice

Debt can happen to anyone. Free advice and support can help you find ways to manage your debts and reduce how much you pay each month.

4 Benefit Advance

If you have made a new claim for benefit and are in financial hardship while you wait for your first payment, you may be able to get an advance to afford things like rent or food. It's important to get advice before taking out an advance. Benefit advances must be paid back, and the money will be taken from your future benefit payments (a loan).

5 Hardship Payment

If you have been sanctioned, you may be able to request a hardship payment from the DWP. Hardship payments are not always paid immediately, and they're not available to everyone. Hardship payments of Universal Credit need to be paid back (a loan), but hardship payments of Jobseekers Allowance or Employment Support Allowance do not (not a loan).

6 Challenge a Decision

You can challenge a benefit decision if your benefit has been stopped / sanctioned / reduced / refused or you have been overpaid. Most benefit decisions need to be challenged within one month.

Step 3: Where can I get help? For free and confidential advice

+Choices

The infographic is a collection of text boxes and logos. It features a pink and purple color scheme. On the left, there are two speech bubbles with client testimonials. Below them are sections for 'What will happen next?' and 'What is +Choices?'. In the center, there is a 'Contact us:' section with phone, email, website, and social media information, along with logos for North Yorkshire County Council, City of York Council, and North Yorkshire Police, Fire & Crime Commissioner. On the right, there is a large pink box with the '+Choices' logo and a description of the service. Below this is another 'FOUNDATION' logo and the 'Inspire Respect' logo. At the bottom, there are three more sections: 'What we offer:' with a list of services, 'Referrals:' with a QR code and a website link, and a photo of hands joined together.

What our clients say:

I've learnt that I'm capable of change and that negative behaviour patterns can be overcome

I've changed in the way I think and how I react to conflict

What will happen next?

Once a referral is received individuals will be allocated to a Project Officer and a full needs and risk assessment will be undertaken to identify the most suitable support to address their needs.

Individuals will be supported through a tailored package of interventions to meet their individual needs and guide them through the various stages of the behaviour change programme.

Carers Resource

Caring for the Carers Course

If you are a carer you may recognise that becoming a carer can bring with it change, great challenges, and often, a variety of feelings too: loss, resentment, grief, and guilt (and lots more!)

Often we are so busy working in and just coping with the situation, that we don't feel as though we can take time to address our own feelings, and when we do get that precious bit of "me time" we feel guilty and uncaring.

Carers often report that they have "lost themselves" and rarely give time to their own needs and feelings.

These two workshops will help you "re-discover" you, with tools and techniques you can take away with you.

Session One - Release your "Inner Warrior"!

When caring feels like a constant fight

This first session, delivered by Debs Hooker and Corinne Yeadon, will give you some space and time out to think about you, your thoughts and feelings. Things we usually push to the back of our minds!

This session will also help you identify your limiting beliefs and emotional barriers, and release your "Inner Warrior" to help combat them! Coming together with other carers, who know what you're going through can also be very powerful.

 carers'
resource
you need for them, we care for you

Session Two - Equipping your inner warrior!

Buzz words: "Change" and "Control"

Now that you have acknowledged that your feelings and emotions are valid, and that it's important to make time for yourself, the second session will introduce you to other "self help" techniques that you can draw on when you feel the need.

Emotional Freedom Technique (EFT or Tapping) with Penny Lowe, is a simple technique that you can use wherever and whenever you feel the need – definitely a shield in your armoury! In addition to the EFT, Karen Dunnet will be highlighting simple hypnotherapy techniques which can help you focus on what's important, help you to let go of what you can't control – help keep you in charge!!

In this session we also look at the importance of being able to "switch off" by spending time on "distractory" activities. Judy York will be on hand to deliver a craft workshop that will introduce you to new skills – things you may want to pursue at home. This may help you to remember your own hobbies and the value of taking time out to "do your own thing".

Dates for Workshop One

Wednesday 8 March, or 14 June or 13 September, or 11 October
9.30am arrival and coffee, 10am start – ends at 1pm

Dates for Workshop Two

Wednesday 15 March, or 21 June or 20 September, or 25 October
9.30am arrival and coffee, 10am start – ends at 12.30pm

Craft session starts at 1pm so if you would like to stay please do bring a sandwich and join Judy

Do you have a laptop, smartphone or tablet that you no longer need?

Why not donate it to your local Reboot scheme and help tackle digital exclusion & social isolation across Craven

How does Reboot work?

- 1 People donate their working, but no longer needed, devices via their local library
- 2 NY Library service collects and deliver to Craven Reboot
- 3 Reboot's IT professionals check each device to ensure all data has been wiped; hard drives are renewed and new software is installed
- 4 Rebooted devices are distributed to new recipients through Community organisations and agencies
- 5 Free digital training and support is available via Craven College and a network of trained digital champions

How can I donate my laptop/iPad/tablet/smartphone?

1. Securely package your device(s) and mark for attention of Craven Reboot. Please include any chargers/cables; if you can factory reset first, please do so, although every device will be checked, wiped and re-set professionally before it is passed to a new user
2. Take the package to your nearest library

Got a question?

Lets Talk Transport

As you are aware, transport is a hot topic in Craven. North Yorkshire Council (NYC) is asking everyone in the county to take part in a survey to help shape the future of transport in the district. The NYC Let's Talk Transport survey will help us understand the issues in your local area so it is vital that as many Craven voices as possible are heard to capture information about how we travel in Craven. This is the first stage of informal public engagement to capture current travel habits and thoughts on transport. A formal consultation will follow later this year where we will be inviting comments on the draft plan.

The survey aims to:

- * Find out how you currently travel round North Yorkshire and how this had changed over the last few years
- * Hear about your experiences of traveling around North Yorkshire
- * Gather your ideas about tackling transport issues
- * Use your feedback to help inform and shape the Local Transport Plan for North Yorkshire.

The Local Transport Plan is a set of documents that the Government requires all local transport authorities to produce. It sets out the strategic transport aims for the region over the next few years. These are based on the Government's aims and objectives for transport, but it also needs to reflect local priorities. It will allow us to continue to bid for funding to deliver the infrastructure we need to

better connect residents, unlock economic growth, and promote sustainability. NYC's current plan needs updating because the way people travel has changed since the Covid 19 pandemic, government policy has shifted, and electric vehicles have become more popular.

This is the first stage of engagement with the public, which runs for 8 weeks from Monday 22 May **until Monday the 17 July 2023.**

The survey can be completed online at <https://letstalkny.commonplace.is/>

Paper copies can be collected from local libraries and returned in the envelope provided.

We can send a paper copy of the survey direct to residents. This can be requested by email to LetsTalk@northyorks.gov.uk or phone 01609 536400, or by writing to: Let's Talk, North Yorkshire Council, County Hall, Northallerton DL7 8AD

Accessible formats of the survey are available on request using the contact details above.

Members of the Transport Planning team will be out and about in some locations across the county during the survey period. They will be helping residents complete the online survey or provide a copy of the paper survey with return envelope to complete later. A list of when and where residents can meet us will be published on our Let's Talk website in due course.

Craven Mental Health and Wellbeing Network

We are pleased to announce the Craven Mental Health & Wellbeing Hubs network is formally live. Please see attached details of what is on offer and how to signpost or refer into this. We hope that this will make access to Craven's developing community mental health support offer easier and provide you with a framework within which to develop your own in-reach service.

WHAT IS THE MENTAL HEALTH & WELLBEING HUB NETWORK?

A partnership approach to staying well in the community offering welcoming wellbeing cafes, keyworker support from Pioneer Projects, in-reach support from specialist Mental Health providers, and pathways into Bradford District Care Trusts 'Safe Spaces' offer.

Here to support you.

FOR MORE INFORMATION:
To access drop in sessions contact your local provider:
Glusburn Institute, Mondays 10am - 12pm

The Place, Settle, Tuesdays 2pm - 4pm

Grassington Hub, Monthly on a Friday, 1pm - 3pm

Broughton Road Community Centre, Mondays 10am - 12pm

St Andrews Church, Skipton, Thursdays 1pm - 3pm

Skipton Step into Action, Saturdays 2pm - 4pm

Greatwood & Horselose Community Centre, Monthly on a Wednesday, 1pm - 3pm

SAFE SPACES SUPPORT AVAILABLE

At each of our Wellbeing cafes you will be offered the support you need by Pioneer Projects Keyworkers, who can refer you into the Safe Spaces pathway for more in depth 1:1 support

PIONEER PROJECTS Or to make a referral please contact Pioneer Projects on: office@pioneerprojects.org.uk

The Craven Mental Health & Wellbeing Hubs Network

What is it?

The Craven Mental Health & Wellbeing Hubs are a network of independent community organisations across Craven offering consistent, accessible, and local adult mental health and wellbeing support, managed by local arts and wellbeing charity Pioneer Projects, with support from specialist mental health providers in the Voluntary, Community, and Social Enterprise sector, North Yorkshire Council, Bradford District Care Trust, and the Modality and WACA Primary Care Trusts.

Local Craven Organisations

Pioneer Projects (Craven wide)
 The Place in Settle (Settle)
 Skipton Community Wellbeing Café (Skipton)
 Skipton Step into Action (Skipton)
 Glusburn Community & Arts Centre (Glusburn)
 Broughton Road Community Centre (Skipton)
 Greatwood & Harseclose Community Centre/Yorkshire Housing (Skipton)
 Grassington Hub (Grassington)

Specialist Partners

Mind in Bradford
 The Cellar Trust
 North Yorkshire County Council Health & Adult Services
 WACA & Modality Primary Care Networks
 My Wellbeing College (Bradford District Care Trust)
 Bradford District Care Trust Community Mental Health Teams

Why is it needed?

Craven is big and rural, and public transport is poor. Too often specialist services are based far away in cities like Bradford. For local people experiencing poor mental health to get the help they need to stay well, increased support in our own communities is a necessity.

What's on offer?

The network brings together a three-tiered mental health & wellbeing support offer consisting of:

- Low level, open access groups and support tailored to local need and provided by organisations that have trust and reach within their community.
- District wide access to keyworker support, specialist wellbeing focused creative activity, onward referral to partner provision, and network management provided by Pioneer Projects.
- 'In-reach' mental health support provided by specialist mental health partners that are based out of area.

The offer consists of:

Wellbeing Cafes

Seven community locations across Craven providing:

- A welcoming drop in café style environment with activities, refreshments, local signposting, and a listening ear provided by a local Craven organisation and their volunteers.
- Wellbeing focused group activities provided by the host organisation or Pioneer Projects' creative staff.
- Access to Pioneer Projects keyworkers for engagement support, wellbeing assessment, goal setting, signposting, and onward referral to other services.
- Mental health training opportunities for local residents, volunteers, and staff.
- Mental health support activities from specialist partners.

Quietier Groups

Two additional Pioneer led groups (in Ilkham for North Craven and in Skipton for South Craven) offering:

- A quieter 'by appointment' group session for people not comfortable with a more public café style environment, but also featuring wellbeing focused activities, keyworker support, mental health training opportunities, and activities from specialist partners.

The regularity and breadth of activities will vary across locations with Hub locations (in Benham, Settle, Glusburn, and Skipton) offering a full range of weekly provision and Spoke locations (in Grassington and Skipton) a smaller programme.

Please see the Hub Network Diagram at the end of this document for the current offer.

Who can access support?

Anyone in the community who is concerned about their mental health and wellbeing.

- All the Wellbeing Cafes have capacity for 'drop-in attendance' (though the Cafe at Broughton Road is women only provision) to access lower-level support.
- Pioneer Projects keyworkers will manage **formal referrals** from statutory partners (such as Social Prescribers, GPs, Social Workers, or Community Mental Health Team Workers) into the Network for people needing more focused support. They will also manage onward referral to specialist services when needed. Referrals can be made here: <https://www.compasshubs.com/compasshubs/new/GP/>

Who should I contact for more information?

If you want more information about what the **local offer** is, get in touch with your local network partner:

Benham – Pioneer Projects – caroline@pioneerprojects.org.uk
Settle – The Place in Settle – joan@theplaceinsettle.org.uk
Grassington – Grassington Hub – orange.dillon@grassingtonhub.com

NORTH LANCASHIRE

Community Art Exhibition July 11th-13th

We'd like to make you aware of our amazing community event coming up soon.

2023 sees us host our fifth Community Art (Wellbeing) Competition, which this year, again, we will be exhibiting in The Gallery at The Storey, July 11th - 13th 9am - 6pm.

The Competition runs as part of the Bay Health Festivals [Festival | The Bay Health Festivals](#) schedule of events and began initially, as a way of involving members of our community who faced barriers to physically attending the Festival, which this year is being held in Dalton Square 8th & 9th July.

Each year, local artist Lou Andrews from CancerCare produces a template of a local landmark and we invite members of the community (care home residents, primary school children, community

groups, individuals) to decorate the template and every year we are just blown away by the enthusiasm and talent of people living in the Lancaster district.

The aim of the activity is to bring people together in a safe space, to increase socialisation, make new friends and have fun whilst creating something beautiful.

This year has seen our biggest response, with 136 templates given out.

Each year we welcome residents and pupils from local care homes and schools and last year we had almost 1000 visitors in total who came to view and vote for their favourite in three age related categories.

Whilst with us, we also encourage visitors to take the opportunity to visit the beautiful and historic Storey building and gardens.

Morecambe Bay Poverty Truth Commission | Join the Conversation (events in Lancaster and Morecambe)

Have you had enough of not being heard? [Morecambe Bay Poverty Truth Commission](#) is inviting people who have experienced poverty to join this conversation.

These sessions will involve meeting local people in positions of power to tell your stories, challenge the stigma, change the understanding of poverty, make practical changes for the better, and help to find solutions.

Breakfast in Morecambe: every other Wednesday 9 am to 11 am.

Lunch in Lancaster: once a month 10 am to 12 pm.

Chippy tea in Lancaster: once a month, 6 pm to 8 pm.

Zoom sessions are also held once a month. Call 07766933884 or email info@morecambabaypovertytruthcommission.org.uk for more information.

If you're looking for one to one support in regards to a range of social and wellbeing support, we host our popular drop-in sessions. Simply turn up on the day to speak to an expert about a range of subjects including volunteering opportunities, digital devices, financial support and active community participation.

As these are drop-in sessions, please be aware you may have to wait as we operate a first come, first served approach. You will, of course, be offered a drink while you wait and you're welcome to speak to one of the team about what else may be of interest.

Together we are
BUILDING BETTER OPPORTUNITIES
 across Lancashire

The Building Better Opportunities (BBO) programme is delivered by a partnership of 30 community organisations, led by Selnec.

Our 3 specialist projects help people overcome complex barriers and move closer to work and training.

Based on individual needs and interests, BBO can transform lives.

We help Lancashire residents who are out of work and disadvantaged by:

- Lack of self-confidence & low self esteem
- Outdated or unsuitable skills
- Lack of qualifications & training
- Lack of IT skills
- Caring responsibilities
- Physical and mental health issues
- Learning difficulties/disabilities
- Age discrimination
- BAME background
- History of offending
- Debt/money management worries
- Substance misuse
- Long term unemployment
- Other barriers to employment.

HOW CAN YOU PARTICIPATE?

Contact the Building Better Opportunities team at Selnec - we will direct you to the most suitable partner for support.

Lancaster District Directory

Serving Lancaster, Morecambe, Carnforth and surrounding areas.

Introducing the Lancaster District Directory

From time to time, we all need some extra support. Across the Lancaster district, community groups and charities are there to help us deal with all sorts of difficulties.

Whether we want to improve wellbeing, cope with the cost of living, join social activities, or get specialist support for other issues, there's plenty on offer – but it can sometimes be difficult to find out when and where help can be found.

So if you're going through a challenging time or simply need a wellbeing boost, take a look at <https://directory.lancastercvs.org.uk> on your computer, tablet or smartphone – help could be closer than you think.

Browsing the Lancaster District Directory

Serving Lancaster, Morecambe, Carnforth and our rural areas, the directory lists groups, classes, activities, and advice. You can use a map to find out what's available in your area, or browse categories focused on different needs.

For example, we know that some will face difficulty heating their homes or making hot meals this winter. The Food & Keeping Warm category has information about thirty warm hubs, food clubs, and community cafes in all parts of our district, while the Money & Housing category lists advocacy services, energy saving support, and debt advice help.

Alternatively, if you know someone who needs a bit of a wellbeing boost this new year, why not look at the groups and activities in the Nature/Wildlife/Environment section and share some sessions they might enjoy? From walk-and-talks on Morecambe prom to harvesting spuds at Claver Hill, there are lots of structured activities to help them spend some time in nature.

Your GP is also a partner in this project. If they believe that you could benefit from non-clinical support, a member of staff can ask your permission to be referred into a hub run at LDCVS, where our social prescriber will get in touch to help to link you with an organisation which can provide suitable services and activities.

If you know of people who are doing vital work locally but aren't yet listed, we're keen to hear about them. Just email directory@lancastercvs.org.uk to let us know.

Cancer Care

Children's counselling and play therapy

Sometimes, it's difficult to express how we are feeling through words.

Children like to play and many of our counsellors have been specially trained in play therapy which encourages younger children to explore their emotions through creatively using art and toys.

We also use sandtray therapy which involves manipulating figures and natural materials in sand and water. The resulting scenes can give our play therapists a valuable insight into how the child is coping with a stressful situation at home, in a friend's house or in a family member's home.

All our centres have fully-equipped play rooms.

For teenagers we also provide 1-1 counselling.

For more information email our Therapy Coordination Team.

NHS Scotland - Anticipatory Grief

Please see the link below to a video that highlights the impact of anticipatory grief:

Flynn's Barn

Peer Support Group details

This document tells you about the Peer Support Group (online).

The group is part of the psychosocial services at Flynn's Barn's to support the mental health and wellbeing of young people living with cancer.

Joining a group can be daunting, with lots of different questions you may want to ask. We appreciate that getting the right information is vital.

The Group is for

- Young people aged 16-25, who have had a cancer diagnosis
- Either in treatment or treatment has finished
- Living in the UK
- People can be referred by their medical teams, or through Flynn's Barn's residential or counseling services.

Purposes of the group

- Connect with others going through similar experiences
- Help to feel less isolated
- Share ideas about coping with treatment and finishing treatment
- Feel part of a community
- Get help from others who understand
- Support others

How the group works

- Online meetings, using Zoom.
- We meet monthly, on the first Monday of the month between 6.30-7.30pm.
- The first stage of the group is for six months – this is to try it out. At the end of the six months (December 2022) we will review how it has gone and make a plan for the next stage of the group, based on the feedback and wishes of group members.
- This first stage is looking at how the group can be most helpful for its members:
 - what is the best structure for the group?
 - mixture between activities and discussion?
 - discussion topics?
- The group will be hosted by two Flynn's Barn counsellors but it's a PEER support group and so everyone has a hand in running it.
- At the first meetings we'll think about the group values – things like respect and confidentiality – so that we can make it as welcoming and safe a place as possible. We'll draw up some membership guidelines together.

Are you interested?

The first step is to have a phone call/online meeting with Samantha or Robin, who are the counsellors organising the group. This is to talk more about how the group works and whether it is something that you want to try.

Then, we'll set a date for you to join. You can then attend any meeting – usually people get more from a peer support group if they attend regularly – but it's up to you to choose when you attend.

Please get in touch if you are interested in joining or if you have any questions:

Counselling and Family Support Project

Background

This project provides telephone and online counselling for young people, who are living with cancer (see criteria below), including those whose mental health has been adversely affected by the COVID-19 pandemic.

The project also provides telephone and online support to families with a young person living with cancer (see criteria below).

Young people living with serious physical ill-health may already experience isolation and worries about their mental health. The isolation, increased risk to health and disruption to ongoing treatment caused by the pandemic have been heavy additional burdens for young people and their families during an already critical and challenging time in their lives.

Project aims, objectives, outcomes

AIMS

To support and improve the mental health of young people who are living with cancer (Counselling).

and

To strengthen family support systems for families with a young person who is living with cancer during a time of crisis (Family Support).

OBJECTIVES

To provide counselling to young people up to the age of 25;

And to enable them to talk about the ways in which their mental health is being affected and find positive ways of coping (Counselling).

To provide support, advice and signposting to young people and their families, relating to the challenges caused by the pandemic and to enable them to access relevant services (Family Support).

To support young people and families where there are risk factors that have become hidden due to pressures on services, including referral on to specialist and safeguarding services (Counselling & Family Support).

To understand further forms of support that young people living with underlying health conditions will benefit from as pandemic circumstances change in the medium and longer term (Counselling & Family Support).

To build a peer network of young people living with cancer who can make links and support each other (Counselling & Family Support).

- Living with cancer
- Based in the UK
- Choice of telephone or online platform (Zoom)
- Assessment, followed by 10 sessions
- 30-50 minute sessions
- Delivered by qualified counsellors/psychotherapists (BACP/UKCP registration or equivalent)

Criteria for Family Support

- For families with a young person living with cancer
- Choice of telephone or online platform (Zoom)
- Support duration and content agreed in collaboration with family

Clinical standards

Flynnes Barn is registered with the Charity Commission (reg. no. 1177897). The Counselling and Family support project is run by Robin Ewart-Biggs (Systemic family therapist, UKCP registration 06158736), who has been a mental health practitioner since 1992, in the NHS and the voluntary sector, with extensive experience of both delivering and managing services. All sessional counsellors have enhanced DBS checks and are registered with BACP/UKCP or equivalent. Clinical governance policies and procedures are available on request.

Having begun as a pilot project this is now part of Flynnes Barn mainstream services. The project is being evaluated to help shape future services and to share learning.

Yellow Wellies

Thank you to our incredible fundraisers!
We want to say an absolutely massive THANK YOU to everyone who has fundraised for us this year – you have raised a phenomenal amount and we are incredibly grateful for every single penny.
There are many different ways to fundraise for us so, if you want to find out more, or you have a fantastic idea in mind, email Money@yellowwellies.org.uk and also if you want some extra info.

Education, education, education
School's out for summer, but it's been a fab start to our 2022 education programme!
We have delivered seminars to 19 agricultural colleges and universities across the UK since January, through a mix of both virtual and face-to-face.
There are a lot of colleges looking to hire trainees from September, and we're very excited that the new term will discuss the status of our innovative Virtual Reality simulators. We can't wait to be back out there delivering this unique research to farm safety medicine to even more students! If your college hasn't booked its introduction to Farm Safety or Pre-employment seminar, don't panic, we might just be able to squeeze you in – so drop us an email farm_safety_foundation@yellowwellies.org.uk and we will see what we can do.

Play your part – take our survey
It's nearly that time of year again... Every year we ask MAFAB research partners to carry out a trackaw survey across various farmers to learn more about the issues that could be affecting your physical and mental wellbeing. It's just a few weeks until this year's survey kicks off. Keep an eye on our socials for the survey link and make sure your voice is heard!
This year, we're pushing the net even further and, at the same time we will be surveying farmers over the use of AI to see what they think of it, if you fall into this category and you want to get involved, keep an eye out for the link to our survey and make sure you take part too – we can't wait to hear from you!

Follow us!

If you aren't following us on social, why not? You are missing out!

You can keep up to date with what we are doing, learn about all things farm safety & mental health and enjoy our takeovers... all you need to do is follow us on Facebook, Instagram & Twitter

@YellowWelliesUK.

We also like to see what you are up to, so don't forget to tag us in your posts!

For more information or to find out how you can get involved please get in touch by emailing:

Living with Dementia Toolkit

Welcome to the Living with Dementia Toolkit for people with dementia and their carers. The University of Exeter and Innovations in Dementia have been working with people over the last 12 months to create a toolkit of advice and information that people living with or affected by dementia can access. It has been supported by Alzheimer's society and the National Institute for Health Research (NIHR). The resources are here to:

- Give you **hope** for the future
- **Inspire** you through examples of real-life experiences
- Offer **ideas** to help you live your life as you choose

Please see the video where Professor Alistair Burns, National Clinical Director for Dementia and Older People's Mental Health at NHS England and NHS Improvement, introduces this toolkit. You can access it by clicking this link: www.livingwithdementiatoolkit.org.uk
